Subject: Summer 2025 Communist Uprisings

Dear U.S. Citizens Concerned About Communist Uprisings,

While browsing my X home feed, I was struck with an instance of *déjà vu*. What triggered this was a video posted by an account by the name of People's City Council – Los Angeles (PCCLA).¹ This video was of protestors in L.A. clashing with ICE which reminded me of the summer 2020 protests. We must remember that Black Lives Matter had a hand in those protests which caused over a billion dollars in property damage. BLM's leadership was trained by Eric Mann's organization called Labor Community Strategy Center.² Mann is a former member of the domestic terrorist group Weather Underground, and he was pro-Viet Cong, pro-communist and pro-Soviet.³ His group Labor Community Strategy Center which ran the National School for Strategic Organizing trained both Alicia Garza and Patrisse Cullors; their training involved reading Lenin, Mao and Marx.⁴

PCCLA upon cursory glance looks to be in the same political orbit as BLM. It was established by Nicole Donanian-Blandon and includes leftist groups such as the Sunrise Movement.⁵ PCCLA called for defunding the police, and it partnered with "National Lawyers Guild Los Angeles, The

Bail Project and Black Lives Matter Los Angeles to provide support to our comrades.”^{6,7} Ricci Sergienko, a lawyer and organizer who was with PCCLA, said in an interview that his views are a blend of “anarchism and Communism.”⁸ Sergienko is also listed as the social media coordinator for Roots Action which is a group that endorsed a speaking event titled “Time for a Ceasefire in Ukraine?”, that included Roots Action campaign coordinator David Swanson, Code Pink member Medea Benjamin and VIPs member Ray McGovern.⁹

Medea Benjamin was sponsored by the Institute for Policy Studies, a Cold War Soviet collaborator group that helped stand up the Communist run Transnational Institute.¹⁰ Ray McGovern is a member of VIPs, and he was sponsored by Covert Action Magazine—a publication established by DGI and KGB Service A collaborator Philip Agee.^{11,12} McGovern was also in a pro-Russian propaganda film by Russian Ed Lozansky who used a Russian Foreign Intelligence Service Controlled Strategic Culture Foundation contributor as a script writer.¹³

PCCLA was on the ground and in the skirmish with ICE yesterday, and their X account posted a photo of crowd control munition they alleged they were hit with.¹⁴ PCCLA was inciting crowds to violence saying “FUCK DHS! FUCK ICE!”, and it called people to protest retweeting an account that said, “ICE HAS HUNDREDS OF MEMBERS OF OUR COMMUNITY KIDNAPPED AND IS HOLDING

PCCLA retweeted an account called Friendly Neighborhood Apologist that remarked favorably on the indoctrination of the values of the Cuban Revolution and also an account that favorably retweeted a card-carrying Communist account.^{18’19’20} PCCLA also retweeted the account Chinatown Community For Equitable Development (CCED) and that account was calling for the community to mobilize against ICE.²¹ Promise Li, a socialist from Hong Kong, was a member of CCED, the Democratic Socialists of America, and he is currently republished by the Trotskyite *International Viewpoint* publication.^{22’23’24}

For the anti-communists reading this and that follow me, you can see we have a real problem on our hands. We have the crypto communist infiltration of the Republican Party and the Right by the Russians (while some of their old Soviet networks are still working with the Left), and we have the communists working with the Left that are allied with the openly Communist countries looking to start up riots in the streets again. Meanwhile, Russia is allied with the Communist countries.

This first step in solving this problem is understanding what is happening. That is accomplished by documenting the situation and mapping out the groups involved and then educating people with that information. Hopefully we can avert our cities burning down, yet again.
